## ABOUT US

OUR VISION IS TO FOUND AND DEVELOP STRONG  
AND LONG-TERM BUSINESS TIES GLOBALLY

**G Design Web Studio** was established in 2010 by individuals who have been investing their modern technological solutions in web design and development. We are a team of geeks endowed with creative ideas, having a continuous tendency to show to the wide layers of public the novelties of modern digital technology solutions.

Our service is **personal and is tailored** to each individual client. We offer a complete spectrum of services which include project scoping, wire-framing, design, development, testing, support, and hosting provision. All these services, and many more, are provided by our friendly and knowledgeable staff.

We define your needs and understand your target audience, so we can deliver benefits that will give your project the success it deserves.

We show **individual approach to each client and project**, stressing the importance of each detail, thanks to which we attract their confidence and sympathy.

Our goal is to **establish long term relationship with our clients**, being sure that our success is strictly dependent on yours.

We are easy, reliable and flexible.

Enjoy the great benefits of working with us!

## Our Activity

The number of our staff in Armenia is growing year after year, hence the number of customers accessing our services increase vividly. We initiated our activity in **Armenia in 2010**, continued in Europe from 2011, and **Bulgaria** became the first harbor for our business, we founded our representation in **Russia**, specifically in **Moscow**. We realized different projects for the **US** customers both in website development, and by managing to improve websites guaranteed promotion, and by creating companies' CRM systems on **Joomla CMS**.

With the help of our experienced internet-marketers we managed to improve web sites guaranteed promotion. Due to these, our company became an **Authorized and Unique Distributor of G Suite services in Armenia and Transcaucasia**.

We realize guaranteed **SEO since 2011**. The essential strategy of G Design Group lies in the idea that we tend to always use the newest technologies, to be at the focus of innovative systems' development and even to go ahead of their progress. In digital market the essence of a successful Internet marketing campaign is to form a rich targeted traffic to the website. The best sites are the ones representing a unique correlation of creative design and successful optimization. With our help customers can bring their websites to the best reasonable optimization results.

Our company has realized over 390 web projects worldwide, including a hotel booking system called inWorld.travel **inWorldtravel.gdesign.am** and its application, as well as a medical system for patients with High Blood Pressure **www.hbp.am** (request a demo for presentation). We are cooperating with State Government bodies, developing a state administrative CRM system **uptime.intime.am** (request a demo for presentation) and a website for the legislative body of the Republic of Armenia, **the Court of Cassation**.

OUR VISION IS TO FIND AND DEVELOP STRONG, LONG-TERM BUSINESS TIES GLOBALLY

At the beginning of 2016 G Design Group assumed the complete management of an Armenian start-up company inTime Solutions with all its staff, services and two products (See below).

A new project called **alligator** [www.alligator.com](http://www.alligator.com) was launched in the mid of 2017 and is an ongoing project, with the intention to focus on **guaranteed, easy and fast booking of properties, apartments and 5-star luxury suites, as well as car rentals, tour packages, guides, transfers, meet-and-greet service bookings** within one platform.

In 2014 we got the collaboration of various companies from the most diverse spheres of operation to provide the widest range of services to our customers, which means that by accessing our services they can find **all-in-one solutions** for forwarding their business.

We collaborate with well-known companies worldwide, like **Google, PayPal, PayTabs, roomsXML, Hotel.Pro, Otel.com, Arvixe, WebBuzz Hosting, SuperHosting.bg, Trivago, All.biz, Jolt, etc.**
